METTEC TESTING EQUIPMENTS

Towards Building Tomorrow

OUR COMPANY

METTEC SYSTEME was established in Kuala Lumpur, Malaysia in **2020**. **METTEC SYSTEME** is a diversified manufacturer and supplier of premium building products and related technologies for the construction industries. We are the professional choices for contractors, and we are confident that you'll find what you are looking for with our wide product ranges. We put great pride into the relationships and partnerships that we form with our clientele.

METTEC SYSTEME presents the engineering solutions to the constructions sector with the conception of continuous improvement and high quality.

DEAL

in innovation and reputation
in communication with our clients
in building and nurturing partnerships for life

OUR MISSION

To be a prominent provide of superior Building Material provider in the region by continuously improving the quality of our products and services, adding value for clients through innovation, foresight, integrity, and aggressive performance; to maintain highest level of professionalism and integrity in our relationship with our client.

OUR VISION

To be premier organization operating locally and internationally that provides the complete range of quality building materials to all segments under one roof, locally and internationally.

OUR PROMISE

SAFETY QUALITY ETHICS SUSTAINABILITY

METTEC SYSTEME is built upon time tested values of excellence and integrity. This means working to the highest ethical standards and being measured by the ensuring quality of our products.

We are committed to leaving legacy of progress by developing local skills for sustained economic opportunity and volunteering our time and talent to the communities where we work.

What sets us apart?

-  We produce high quality products.
-  Our production is seamlessly integrated with logistics.
-  Our engineering support is always present.
-  We innovate, continually.
-  We are cost effective.
